

Share Your Internships Across CHARM-EU - Reach 270,000 Students

Dear colleagues,

We are delighted to introduce **SPARK**, CHARM-EU's new internship platform connecting teaching staff and researchers across our 9 partner universities with students throughout the alliance.

Why share your internship opportunities on SPARK?

- **Expand your reach:** Access motivated students from 270,000+ across the alliance, not just your home institution
- **Enrich your research group:** Recruit interns with diverse academic backgrounds and perspectives from across Europe
- **Build international networks:** Connect with colleagues and doctoral supervisors at partner universities
- **Simple process:** Submit once via a quick online form - no complex procedures

Your internship opportunities will be visible to students from all CHARM-EU universities, helping you find the right talent while strengthening collaboration across the alliance.

Get started: Visit the **SPARK platform** and **submit your internship**.

We look forward to your participation in building this vibrant research community.

Best regards,

The CHARM-EU team
