Transformative Agreements at ELTE

Liza Németh
Research Support Librarian
Education and Research Support Department

Database acquisitions and e-journal packages belong completely to the Education and Research Support Department

WHY NOT THE COLLECTIONS DEPARTMENT?

Open Science expertise

The competencies and expertise of Open Science are located at this department.

Open Access agreements

These packages involve Open Access agreements, which we help to interpret and oversee.

Electronic Information Service National Programme

Consortia

Institutions form consortia for database purchases.

State support

Purchases are supported by state funds.

Open Access agreements

Quota divided between all participants

Transformative agreements terms and FAQ

Quota number remaining

A given number of publishing quota is determined for the year by the Publisher.

ELTE corresponding author

The corresponding author is set at submission and must have an ELTE affiliation. Pick ELTE from the list and use the institutional e-mail address.

We need to investigate how the author is affiliated with our university

Acceptance date counts

The article must be accepted within the contract period: 1 Jan – 31 Dec of X *year.*

„When should I submit my article?"
„Can I just postpone the publication time?"

Eligible journals only

Publishing is possible in each publisher's listed hybrid and gold Open Access journals, and for set article types.

„If I publish in X or Y journal, will the APC be covered?"

The final typeset article in the journal.

THE ROLE OF THE OA ADMINISTRATOR

1. **Approving affiliation requests**
   Confirming institutional affiliations through our official databases. (Neptun for students, ELTE Strategic Database for FTE).

2. **Consultation and education**
   Explaining Open Access agreement terms and advising on the timing of submission for the best results, education about Open Access concepts, terms and licences.

3. **Promotion and partner contact**
   Promoting webinars and news about the databases and keeping in touch with database representatives.

4. **Problem solving with EISZ**
   Staying in contact with EISZ to help resolve submission, eligibility and technical problems.
